TECHNICAL SKILLS

Programming: Python, JavaScript, TypeScript, Java, C

Web: HTML5, CSS, Tailwind CSS

Databases: SQL, PostgreSQL

APIs: REST API integration

Tools: Git, GitHub, Chrome DevTools

Cloud: Cloudflare (concepts), Supabase

Data: Power BI, Excel

Methodologies: Agile (Scrum, Kanban)

PROFESSIONAL SUMMARY

Computer Engineering student (6th semester) with 1 year of experience as a Software Development Intern at Tekna Rocks. Experience in front-end development, APIs integration, cloud tools, and data analysis. Strong analytical mindset and problem-solving skills, with hands-on experience in remote collaboration and agile environments. Seeking a Technology Internship to contribute in technical support, web systems, and DevOps-oriented environments.

EXPERIENCE

Software Development Intern

Tekna Rocks | 2024 - 2025

- Developed and maintained responsive web applications using HTML5, JavaScript, TypeScript, and Tailwind CSS
- Integrated REST APIs to enable dynamic data exchange between front-end and backend systems
- Worked with Supabase (PostgreSQL, authentication, storage, real-time APIs)
- Debugged front-end issues using Chrome DevTools and resolved integration inconsistencies
- Improved UI performance and user experience through code optimization
- Used Git & GitHub for version control and collaborative development
- Contributed to agile project management using Scrum and Kanban methodologies

English Teacher (Remote)

Aliança - 2024

- Developed digital learning materials
- Conducted remote classes
- Strengthened communication and documentation skills

EDUCATION

Universidade Federal de Goiás (UFG)

Bachelor's Degree in Computer Engineering
Expected Graduation: Beginning of 2028
Currently in 6th semester
